**Re: Minor Change to PD No. 1490
4300-4318 S. Calumet Avenue**

Dear Mr. Borstein:

Please be advised that your request for a minor change to Residential Business Planned Development No. 1490 ("PD 1490"), has been considered by the Department of Planning and Development pursuant to Section 17-13-0611 of the Chicago Zoning Ordinance and Statement Number 11 of the PD.

43rd Green JV, LLC, sole owner of the PD, is seeking a minor change for modifications to the site plan, landscape plan and elevation drawings. The site plan and landscape plan have been modified due to the relocation of the on-site generator to the southwest corner of the site to keep exhaust fumes away from the building's south elevation. There is no reduction in the amount of landscaping or parking spaces because of the proposed relocation. The elevation modifications are a result of further building design and refinement. The following, revised drawings, dated August 18, 2021, are attached:

- Site Plan
- Landscape Plan and Materials List
- North, East, South and West Elevations

Regarding your request, the Department of Planning and Development has determined that allowing the proposed modifications will not create an adverse impact on the Planned Development or surrounding neighborhood, will not result in an increase in the bulk or density, and will not change the character of the development, and therefore, would constitute a minor change.

Accordingly, pursuant to the authority granted by the Chicago Zoning Ordinance and PD 1490, I hereby approve the foregoing minor change, but no other changes to this Planned Development. This minor change is valid for twelve (12) months from the date of this letter unless action to implement the minor change is commenced within such time and thereafter diligently pursued to completion, including, if applicable, construction consistent with the minor change as authorized by a building permit. If action to implement the minor change, including construction, does not begin within the time set forth, or does not proceed with reasonable diligence, then the approval will lapse and become null and void.

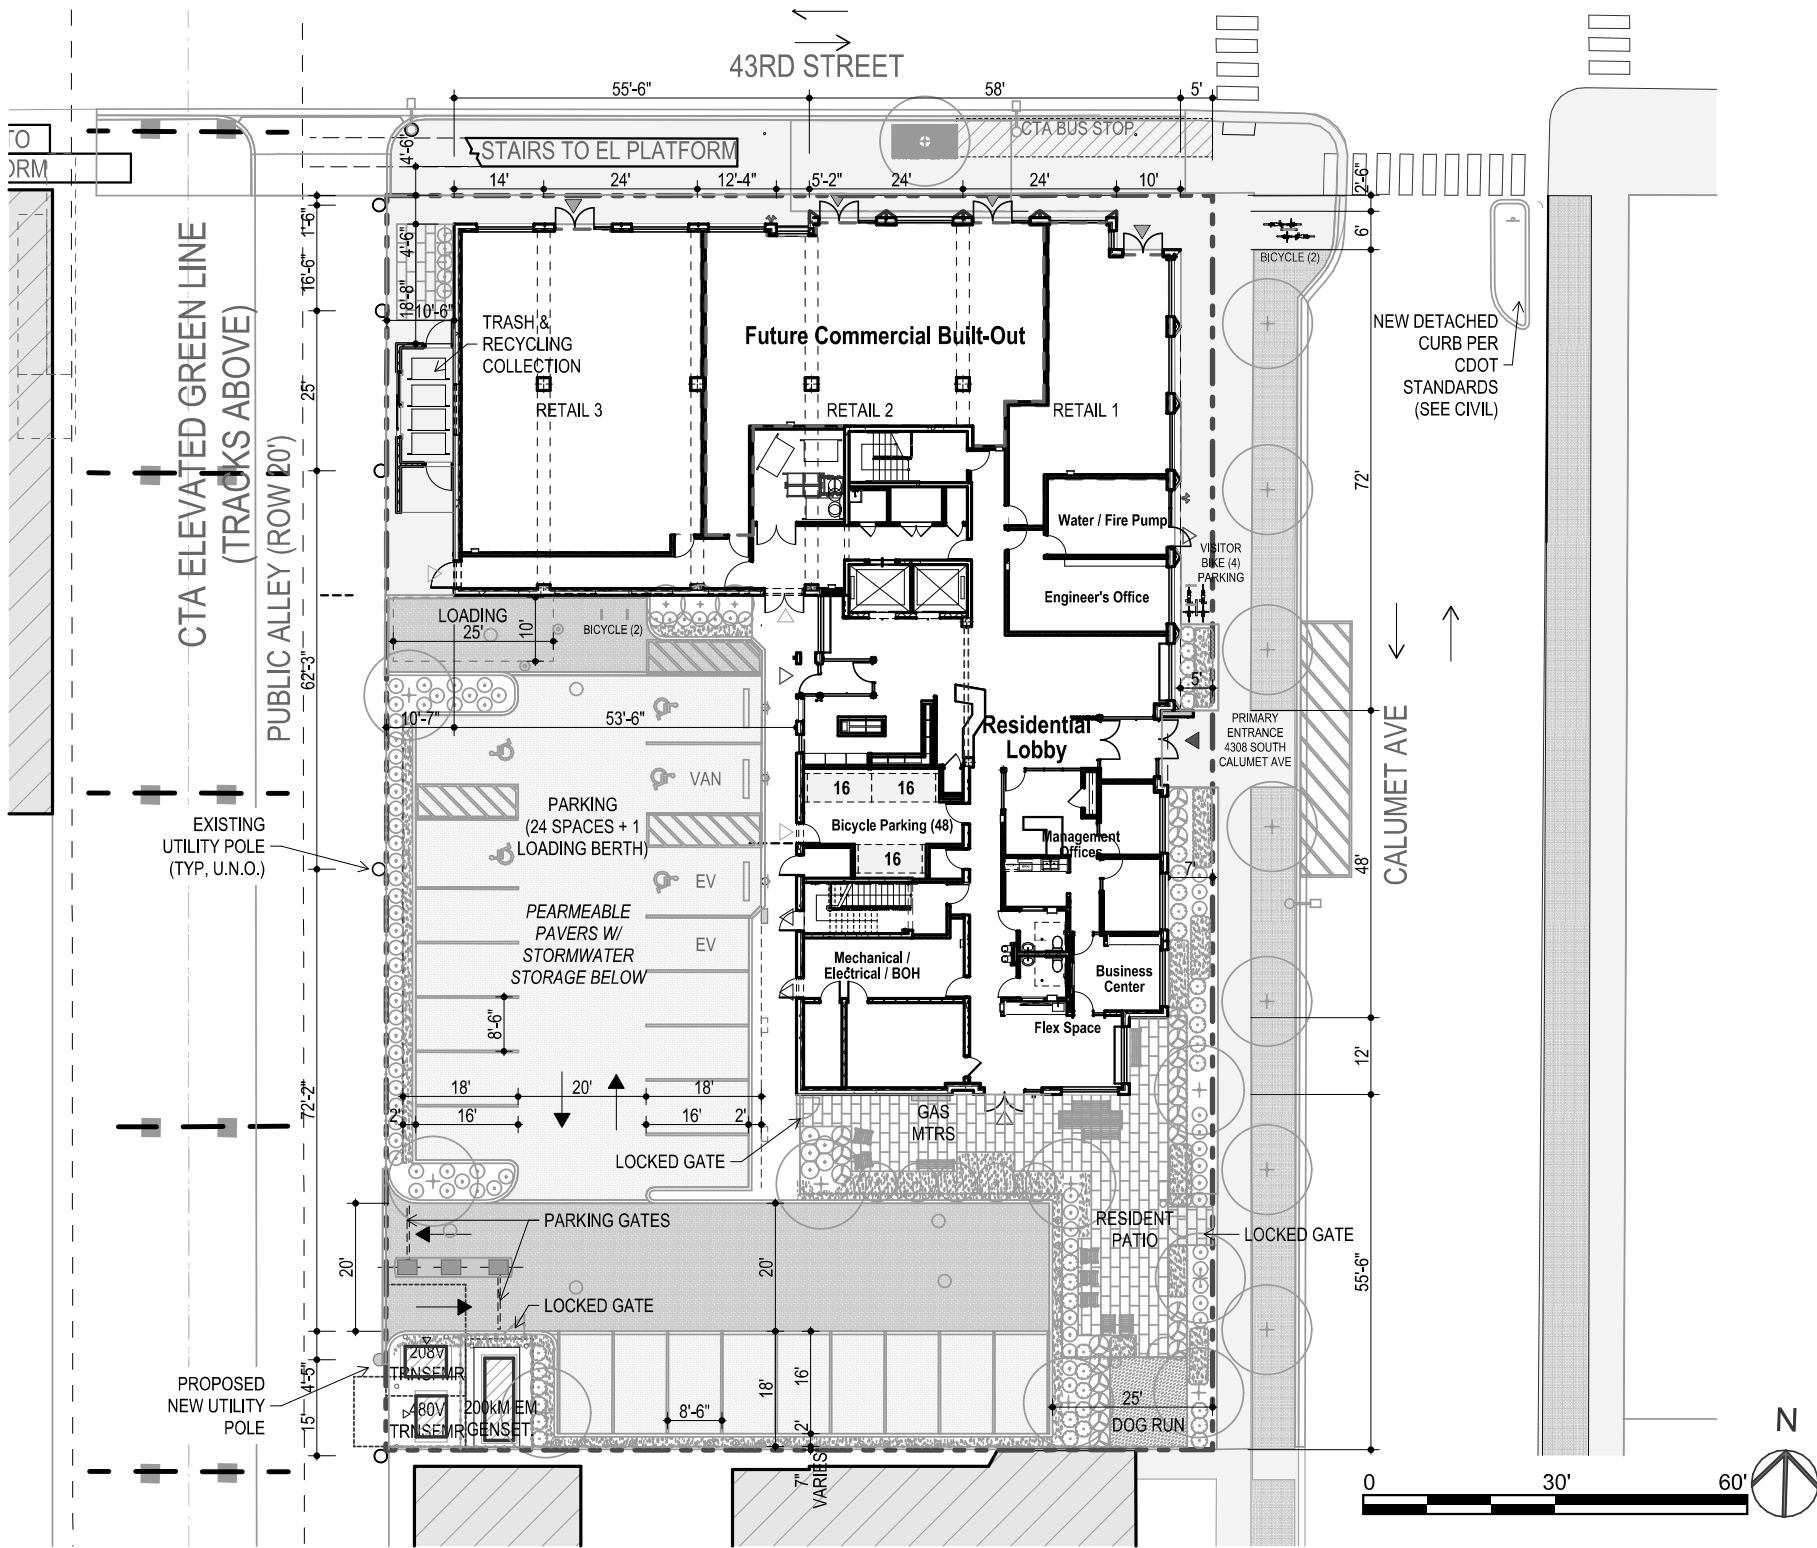

Sincerely,

Steven Valenziano
Assistant Zoning Administrator

12. The Applicant acknowledges and agrees that the rezoning of the Property to a Residential-Business Planned Development Number _____ for construction of this Planned Development, triggers the requirements of Section 2-45-110 of the Municipal Code (the "Affordable Housing Ordinance"). Any developer of a "residential housing project" within the meaning of the Affordable Housing Ordinance ("Residential Project") must: (i) develop affordable housing units as part of the Residential Project; (ii) pay a fee in lieu of the development of affordable housing units; or (iii) any combination of (i) and (ii). In accordance with these requirements and the Affordable Housing Profile Form attached hereto as Exhibit A, the Applicant has agreed to provide 10 percent of the total number of dwelling units constructed in any building within the Planned Development containing 10 or more units as affordable housing units for households earning up to 60 percent of the Chicago Primary Metropolitan Statistical Area median income (the "Affordable Units"), or make a cash payment to the Affordable Housing Opportunity Fund per unit ("Cash Payment") in accordance with the Affordable Housing Ordinance. At the time of each Part II review for any building containing 10 or more dwelling units, Applicant may update and resubmit the Affordable Housing Profile Form to the Department of Planning and Development

("DPD") for review and approval. If the Applicant subsequently reduces the number of dwelling units in the Planned Development, DPD may adjust the requirements of this Statement 12 (i.e., number of Affordable Units and/or amount of Cash Payment) accordingly without amending the Planned Development. Prior to the issuance of any building permits for a building containing 10 or more dwelling units, including, without limitation, excavation or foundation permits, the Applicant must either make the required Cash Payment, or execute an Affordable Housing Agreement in accordance with Section 2-45-110(i)(2). The terms of the Affordable Housing Agreement and any amendments thereto are incorporated herein by this reference. The Applicant acknowledges and agrees that the Affordable Housing Agreement will be recorded against only that parcel for which the Part II review is being sought and will constitute a lien against each for sale Affordable Unit or the residential portion of the building, if rental, as the case may be, within that parcel. The City shall execute partial releases of the Affordable Housing Agreement prior to or at the time of the sale of each Affordable Unit within that parcel to an income-eligible buyer at an affordable price, subject to the simultaneous execution and recording of a mortgage, restrictive covenant or similar instrument against such Affordable Unit. The City shall execute a release of the Affordable Housing Agreement for a rental building upon compliance with the terms of such Agreement. The Commissioner of DPD may enforce remedies for breach of the Affordable Housing Agreement and enter into settlement agreements with respect to any such breach, subject to the approval of the Corporation Counsel, without amending the Planned Development.

13. Upon review and determination, "Part II Review", pursuant to Section 17-13-0610 of the Zoning Ordinance, a Part II Review fee shall be assessed by the Department of Planning and Development. The fee, as determined by staff at the time, is final and binding on the Applicant and must be paid to the Department of Revenue prior to the issuance of any Part II approval.
14. The Applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables and maximizes universal access throughout the Property. Plans for all buildings and improvements on the Property shall be reviewed and approved by the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility.
15. The Applicant acknowledges that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor environments, reduces operating costs and conserves energy and natural resources. The Applicant shall obtain the number of points necessary to meet the requirements of the Chicago Sustainable Development Policy, in effect at the time the Part II Review process is initiated for each improvement that is subject to the aforementioned Policy and must provide documentation verifying compliance.
16. The Applicant acknowledges that it is the policy of the City to maximize opportunities for Minority- and Women-owned Business Enterprises ("M/WBEs") and city residents

to compete for contracts and jobs on construction projects approved through the planned development process. As a project which involves a City funding, the applicant is required to achieve the following standards, at a minimum: 26 percent MBE and 6 percent WBE participation (measured against the total construction budget for the project or any phase thereof), and *(ii) 50 percent city resident hiring (measured against the total construction work hours for the project or any phase thereof). Furthermore, to assist the city in promoting and tracking such M/WBE and city resident participation, an applicant for planned development approval shall provide information at two points in the city approval process. First, at the time of the applicant's submission for Part II permit review for the project or any phase thereof, the applicant must submit to DPD (a) the applicant's outreach plan, (b) a description of the applicant's outreach efforts and evidence of such outreach, including, without limitation, copies of certified letters to M/WBE contractor associations and the ward office of the alderman in which the project is located and receipts thereof (c) responses to the applicant's outreach efforts, and (d) the applicant's M/WBE and city resident participation goals. Second, prior to issuance of a Certificate of Occupancy for the project or any phase thereof, the applicant must provide DPD with the actual level of M/WBE and city resident participation in the project or any phase thereof, and evidence of such participation. In addition to the foregoing, DPD may request such additional information as the department determines may be necessary or useful in evaluating the extent to which M/WBEs and city residents are informed of and utilized in planned development projects. All such information will be provided in a form acceptable to the Zoning Administrator. DPD will report the data it collects regarding projected and actual employment of M/WBEs and city residents in planned development projects twice yearly to the Chicago Plan Commission and annually to the Chicago City Council and the Mayor.

17. This Planned Development shall be governed by Section 17-13-0612 of the Zoning Ordinance. Should this Planned Development ordinance lapse, the Commissioner of the Department of Planning and Development shall initiate a zoning map amendment to rezone the Property to the RM5 Residential Multi-Unit District that existed prior to such lapse.
